

Travelling

One of my passions is seeing the beauty of the world. I love to travel and experience firsthand the culture, cuisine, and beauty of each place. I often travel with my family, the best companions in creating cherished memories. At the moment I already traveled to 14 countries. Hoping to continue visit the other countries soon.

Baking

Another hobby I really enjoy is baking cakes and breads. Most of what I bake are Filipino delicacies, along with some German cakes. I usually bake when I have spare time or when the kids are craving something sweet.
